Dear Cardholder:

To most Americans, April 15<sup>th</sup> means one thing: Tax Time! If you are in need of a little tax relief, we have the perfect solution! Whether you're wondering how to pay your tax bill, or eagerly awaiting a refund—these checks can help!

These convenient checks allow you to take advantage of your good credit to manage your expenses –both planned and unexpected—without dipping into your savings. Transactions will be posted to your credit card statement, giving you access to your entire available credit limit. So, you can settle your taxes today...and pay later at your convenience.

- Pay down an unwieldy tax bill over several months
- Don't wait for your refund to make that big purchase; use these checks and simply pay off the balance when your refund comes
- Complete that home remodeling project early
- Pay off or consolidate other credit cards
- Use these checks for any purpose at all from shopping to vacations, emergency expenses to college tuition

While we can't do anything to lower your taxes, we can do something to lower your stress with these special credit card checks!

Sincerely,
